

CASE HISTORY

City of Trikala – Central Bus Station

PROJECT: Central Bus Station – City of Trikala

DATE: July 2007

CUSTOMER: ISOLINE LTD

INDUSTRY: Central Bus Station

LOCATION: City of Trikala - GREECE

PRODUCTS: Peneseal Pro

CASE SUMMARY:

City of Trikala is located in the center part of Greece. The city authorities decided to build a new central bus station in order to accommodate the increasing needs of public transportation. The new building will include facilities such as restaurants, shopping center, parks, etc. The construction company LAMCO S.A. decided to use Peneseal Pro System in order to waterproof the 8000 m² concrete slab. Most part of this area will be covered with precast concrete blocks (pave) and will remain exposed to weather conditions.
